FLT Polska has been operating in the bearings market since the 1950s – at the beginning as a part of Impexmetal company and since 1999 as a separate company – Impex-Lozyska.

In 2007 the name changed to FLT Polska and creating of FLT BEARING GROUP has been ended.

FLT BEARING GROUP consists of foreign companies operating for many years in Great Britain, France, Germany and Italy in bearings and bearing parts sector. In the same year, taking into consideration also global markets tendencies, FLT Polska expanded the company to China under the name FLT (Wuxi) Trading Co., Ltd.

The expansion of this global network enabled the company to best serve its supplying to most demanding customers – OEM .

Each FLT Bearing Group subsidiary has qualified and experienced personnel and a warehouse suitable for the storage of bearings.
